Summer Fun Activities – Please check Calendar All topics will be reviewed during summer

Dear Parents,

During this time, teaching children to be safe is very important. At Wee Care we are working on two major ways to keep children safe by practicing social distancing and washing their hands.

Children can learn about these through games and activities both at home and at school.

Social distancing can be discussed with children and explained using their bodies.

Have children use their arms as a measurement for how far away people should stand. You can also use imaginative play and utilize stuffed animals to visually explain social distancing. Remember children learn through play, so make it fun!

It is recommended that to effectively fight germs, people should wash their hands with soap and water for a minimum of 20 seconds.

Here is a list of recommended songs to sing while washing your child's hands: "The ABCs",

"Twinkle, Twinkle Little Star", and "If You're Happy and You Know It". Talking to your child

about how "bad germs" can affect them will help them to understand the importance of

washing their hands. Remember to scrub all the parts of your hands: tops, bottoms, and in-

between the fingers. **Please keep your child home if anyone in your family is displaying**

any signs/symptoms of COVID19. This is to protect you and everyone else here so we

can remain open!

** Thank you for all of your support and understanding with wearing masks when picking up or dropping off you child/ren. Also, thank you for keeping your child/ren home if they are displaying any symptoms or are sick. We cannot be too careful during these crazy times! **

August Birthdays

**Brooklyn T. – Luke L. – Maya A. –
Aubrey B. – Millie M. – Carter Y. –
Adeline M. – Samantha G. – Elijah M.
– Vincent C.**

Upcoming Events:

Monday August 3rd – Get a pirate tattoo

Thursday August 27th – Aloha Dress Up
